### *From the Oriental Chair...*

The prayer during the circumambulation of the lodge is a really extraordinary piece. It is very deep in it's symbology. When you read or hear the piece it makes you wonder, What are the grinders? How are they few? What are the doors shut in the streets. The entire prayer deals in aging and preparing yourself for the inevitable day of our passing. The grinders cease because they are few, refers to our teeth as we age our teeth. It fully describes the change in not only our bodies but in our psyche. How fears shall over take us, and at times cripple us. Our ceremonies really can be a very beautiful. Look to the deeper meaning written within them. Treasures hidden in plain sight.
